Volunteer Registration is Up

The success of the International Camporee depends in a large way on the assistance of camporee volunteers (CYE Camporee Staff). Volunteers provide support for each area of the camporee: Administration, Daytime & Nighttime Programming, Communication, Facilities, Security/Medical, and others.

If you are interested in applying to be a CYE Camporee Staff member for the 2014 Forever Faithful International Pathfinder Camporee, you can do so now!

Applications are available on the International Camporee [Volunteer page](#).
