

Christian Lighthall

After multiple decades of working in the Adventist educational system, in 2013 Christian enrolled in graduate school to earn an MBA in marketing. Even before he graduated, Christian started producing a diverse list of events, conventions, and concerts, both nationally and internationally. His most recent events have included COPS, Walmart, corporate organizations in Northwest Arkansas, and the White House. He loves working with creative teams who are committed to produce programs that capture the imagination and attention of audiences. Christian was the main stage producer for the Camporee in 2019 and is excited to be a part of CYE and the planning process for 2024.

Christian is a passionate stay-at-home Dad and can most often be found cooking, mountain biking, swimming, rock climbing or going to interesting museums with his 6-year-old son Harrison. He has been married to his wife Brandee for almost 27 years and together, with Harrison, they enjoy the good life in Northwest Arkansas.
