

Randy Griffin was born to Seventh-day Adventist parents. Soon after his arrival, the family went to South America – Brazil and Uruguay - as missionaries for 7 years. Randy was baptized at the age of 12.

He graduated from Southwestern Adventist University with a Bachelor of Arts in Biology and a minor in Chemistry. 2 months after graduation, he married Ms. Kathy Brewer. 3 weeks later, he began his studies at Indiana University School of Dentistry.

Randy practiced dentistry for 16 years until he sustained a hand injury that turned his career path in a different direction. Randy subsequently took on the role of Nighttime Program Director for the 2014 Forever Faithful International Pathfinder Camporee. Once the Camporee was over, Randy returned his focus to healthcare and helping the underserved population. For the past 5 years, Randy has been leading the Lake Union Conference Health Ministry Department - Adventist Community Health Initiative - to help churches in the Lake Union facilitate weekend medical clinics to help the underserved, providing free dental services, eye exams/glasses and helping people live healthier lifestyles.

He has been married to Kathy for 30 years. They have three children, Mitchell, Nicholas, and Gabriel.
