

Union Leaders Shower Monitoring Information

Here is information on shower monitoring you need for your Union. Each PDF Monitoring List show the times you need to be monitoring your showers.

All shower tents will close at 1AM and reopen at 5AM

How to Monitor Your Showers

1. Shower tents will need ten staff, five for women and five for men (Pick a Leader)
Two going down shower aisles checking showers as users leave, (hopefully with no mess or things left behind). Then call for the next person to use the shower.
One at the end of the showers to send the next person to use the shower.
One organizing people in line inside the tent.
One outside of the shower tent, for crowd control if needed.
2. There will be buckets and necessary cleaning equipment for those who have accidents in the showers. (Like pooping) 😊
3. If there are problems with the showers, please call Facility personnel on your BTP 2-way radio. (Yes, each shower monitoring staff leader should have one radio.)
4. There will be lost and found barrels for towels and clothing left behind. All other bath materials are to be thrown in the trash.
5. Remember, this is your Union's showers, so only you can prevent mess-ups 😊
There will be shower tents for both women and men.

If you have any other concerns or questions, please email me at bpbecker@southern.edu
